

Monthly Budget Planner Template

Description:

Take control of your finances with our free monthly budget planner template PDF. This comprehensive planning tool helps you track your income, categorize your expenses, set savings goals, and monitor your spending habits throughout the month.

The template is divided into clear sections that guide you through the budgeting process step by step. Start by listing all your income sources, then allocate funds to essential expense categories like housing, transportation, food, utilities, insurance, and debt payments. The template also includes categories for discretionary spending like entertainment, dining out, and personal care.

What's Included:

- Monthly income tracking section
- Categorized expense tracking (12+ categories)
- Planned vs. actual spending comparison
- Savings goals tracker
